Special Exhibition 1 (Exhibition Building)

One Hundred Years of Transformation in Korea: Through the Lens of National Geographic

Korea's dynamic history seen through the lenses of the National Geographic photographers. The photos display the development of Korea's economy, society, and culture over the course of 100 years.

Special Exhibition 2 (Education Building)

Achievements of the Knowledge Sharing Program (KSP)

The Knowledge Sharing Program (KSP) is a knowledge-intensive development cooperation program, providing policy solutions customized to the needs of partner countries based on Korea's experience of development, and supporting their sustainable development through economic cooperation. This exhibition displays the achievements of KSP and its contribution to the international community.
